THE CLASS OF 1952

GRAND BLANC TOWNSHIP UNIT HIGH SCHOOL

Grand Blanc, Michigan

Though this looks like the snow covered ice on a lake, it is really the roof of the new gym. The men are clearing off snow, laying roofing, and preparing to coat it with tar.

Within this door is knowledge;
Within ourselves is the key.

FOREWORD

Here in Grand Blanc High, as in all other schools of all free countries, we have the opportunity to learn about ourselves and our neighbors, our country and our world. These facts, their causes and results give us the keys which will unlock the doors of wider knowledge for ourselves and our fellow-men.

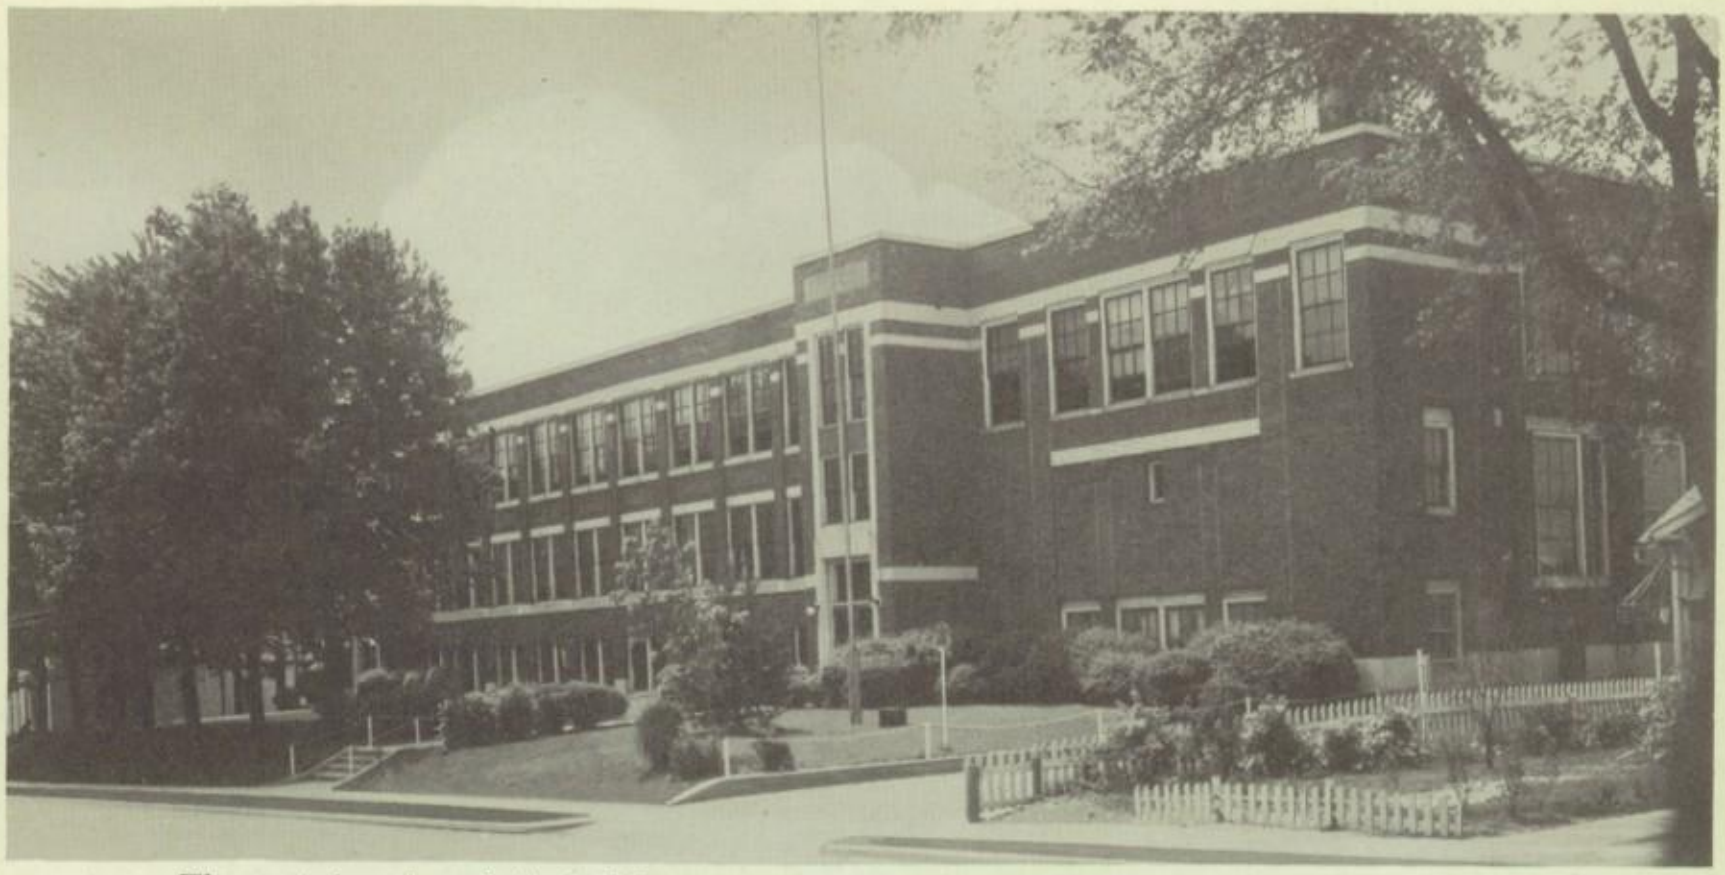
We realize that we are living in a new and fast-moving age which is beset with troubles of many kinds. But through all the panorama one fact still holds true—many of the difficulties are but locks which can be opened by the proper keys. The key of KINDNESS and COURTESY opens the lock of personal and international friendship; the key of KNOWLEDGE broadens our understanding of the modern world in which we live and leads us to the door unlocked by the key of SUCCESS. Other keys of PERSONALITY, HAPPINESS, COOPERATION, etc., have given us increased abilities and interests and improved attitudes.

dedication

Always there are persons and places which seem to stand out in the memory of our school days. To us, one of these persons is Mr. Stanley Bussard in whose classroom we have sat and under whose coaching the boys have learned, not only to "run" and "shoot" but also to play the game fairly and for the sake of the game.

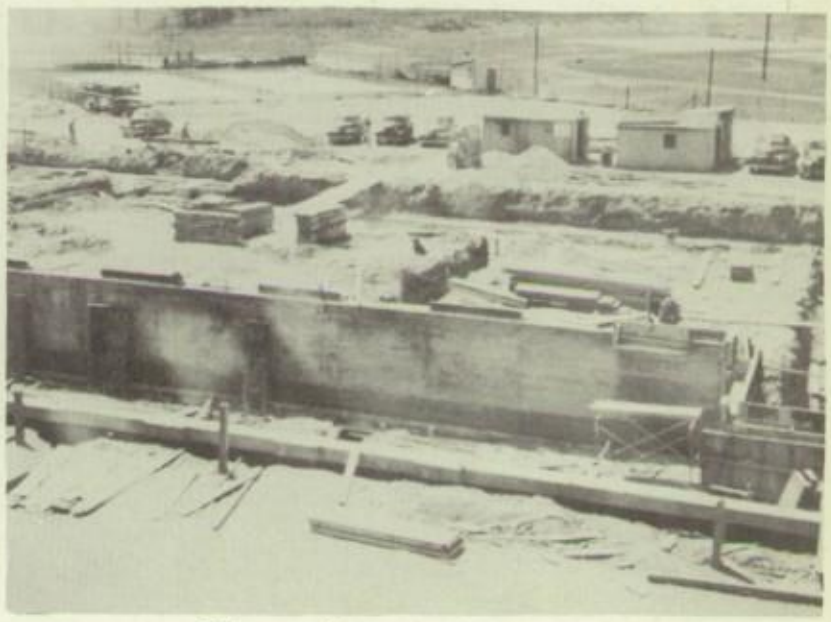
Mr. Bussard, by his varying and unusual presentations of the lessons in World History and United States History, has made these courses more interesting, more truly the living, historical materials which have served so great a role in the building of the world and the nation we live in. That he is a successful coach is proved by the accomplishments of his teams—basketball, cross country, and field events in track. Not only do we honor and respect him, but the Board of Education has honored him by appointing him Assistant Superintendent, the new position becoming effective the second semester.

As a man, Mr. Bussard inspires us all with his quiet, consistent, courteous pursuit of his work and pleasures. He sets a high standard for himself and gets the same type of conduct from his students. Thus, to Mr. Stanley Bussard, who has given us help in using several KEYS to success and happiness, we dedicate this 1952 ECHO.

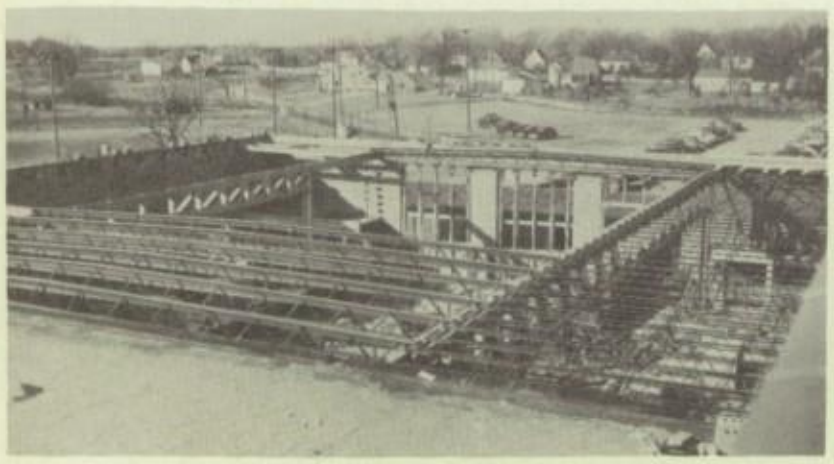


The central section of this building was erected in 1922, the north and south wings in 1935 and 1939. Cafeteria, shop, music and classrooms have been added at the rear. And now the new gym is materializing.

Concrete foundation slabs appeared.



The walls are going up.



The new gym with steel roof beams partly up.

Board of Education

The Board of Education has jurisdiction for carrying out the state requirements for education and developing a program to meet the needs of all children and youth of school age within their district. Every citizen is a paying customer through direct and indirect taxation; every parent is a partner in the local school system. Each individual board member represents the biggest and most important business in the community.

The powers of the Board include the setting up of the educational program—the subjects to be taught—and the standards which shall be maintained. In general, the Board determines the policies for operation and makes all decisions of a legal nature. These programs and policies are carried out by their executive officer, the superintendent. In turn, the superintendent can recommend changes in the personnel, the program, and the policies to the Board for their consideration and adoption or rejection.

The five men whose pictures appear on this page constitute the Board of Education for the present school year. Regular meetings occur twice monthly, with special meetings being called whenever required. During the months when special business is crowding them—the building program, for example—they spend many extra hours visiting new buildings in other districts, conferring with architects, lawyers, and contractors, and checking on the progress of the construction.

The present new addition was planned in 1946 with the hope that some method of financing would be provided in the near future. This was made possible when the Michigan people voted to liberalize the school bonding laws. In October, 1950, a 20-year bond issue providing $345,000.00 was voted by an overwhelming majority. Construction, started in March, 1951, is progressing nicely. The gymnasium will be used for commencement in June even though it will not be entirely completed; the entire addition will be ready before the opening of school in

September, 1952. Besides the gymnasium the project provides three science classrooms, a photography laboratory and three elementary classrooms.

The gymnasium is 110 feet square and has a play area 110 by 58 feet. This will provide a regulation basketball court with plenty of room to spare for bleachers on the ends and sides, if necessary. The bleacher area on the east side is 96 feet long by 25 feet wide. This will be equipped with eleven-tier folding bleachers. The stage will also be equipped with sixty-four feet of eleven-tier folding bleachers. The total seating capacity will be between 1850 and 2000. A new modern type score board has been donated by the Class of 1946 and will be installed on the south wall. Four shower and locker rooms are included to provide ample space for athletic teams. Dressing rooms for plays and operettas can be provided by portable screens or in nearby rooms.

The spacious stage will be equipped with a velour curtain to be protected by a canvas curtain. The cyclorama will be of rep cloth. The stage lighting will be controlled by a portable control system which can be stored, when not in use, in a small room on the south end of the stage. The piano, the public address equipment, and the movie equipment will also be stored in this room, thus preventing tampering with this valuable equipment.

This type of construction provides a very flexible gymnasium-auditorium. The stage is large enough to accommodate both our senior and junior bands at the same time. It will also take care of the voice groups of the high school and junior high school. The bleacher platform can be used for many other purposes when the bleachers are folded.

Our science department will be furnished with the most modern chemistry and physics equipment and will make a greatly expanded science program possible. The additional elementary rooms will ease the crowded conditions in the upper elementary department.

"Education is that deep and rich culture of Mind and Character Which results in a Wise-hearted grasp of terms and a Warm and Skillful Interest in the Making of a Better World."

This should make each one of you a bit more sensible and sensitive in all of your relations to life.

Thank you, Mr. Pepper, for the never ending kindness, ceaseless generosity, and boundless patience you have shown toward us students when we sought your help and advice in the many situations which confront us.

We Seniors, especially, wish to express our gratitude for the numberless favors and privileges which you have made possible for us.

A busy man, Mr. Pepper, with letters about assembly programs, recommendations, athletics, and what not, for both reading and writing.

CLASS MOTTO
"So little done;
so much to do."

We have been through the fun and hardships of school and are now prepared to leave it for our future life and the jobs that will be encountered. We would not have been so successful in our Prom and trip if we hadn't had the help of our sponsors, Mr. Summerer and Mr. Koski. We wish to extend our thanks to them now for their untiring efforts, patience, and cooperation. We, the seniors, have learned how to become better citizens under their guidance. Once again, the Class of 1952 thanks you.

A kindergartner waits for the school bus.

Thirteen years have elapsed since a few of us first opened the door of the schoolhouse, with a birth certificate in one hand, to turn the key which opened the door of our school life. During this and the six following years, we found many additional keys, all of which may be called OPPORTUNITY because they gave us free entrance to the varied experiences awaiting us in geography, language, mathematics, history, reading and several other fields.

The junior high school keys opened the door to the long view of high school activities. We could only stand and watch, in the open door, as the older students carried on their extracurricular privileges. Only classrooms and the beginners' band were open to us. But those years passed all too rapidly; soon we were full-fledged ninth graders.

How we dreaded the turning of the key INITIATION! and the nightmare we expected to encounter within that door. Spectacular clothing and fixings further alarmed us. But we survived this ordeal and were then free to participate in the athletic and club programs.

As further evidence of our use of the high school KEYS, we elected our first officers: Mike McGrath to handle the master key, Dick Churches as the second turner of the master key, and George Johnson to wield the key to the diary and the money box. Later in the year we used the key of SOCIABILITY and entertained the sophomores.

For our second year we chose the key handlers more quickly in order to get started behind the door marked INITIATION. Mike McGrath again manipulated the master key with Clayton Stone the alternate. Rosemary Davisson received the key to the record book and Mary Jane Courter the key to the money box. Because of our rough handling of the freshmen behind the initiation door, we were forbidden to have more social activities as a class. Late in the year our money was the key which opened the jewel box containing our class rings.

As juniors we used the key of CO-OPERATION to prove that our hearts were in the right place. Those elected to handle the keys with special care were Clayton Stone, Gretta Portz, Tom Boling, and Thespena Trouvos. Ideas for the J-Hop poured in from many sources, with *Top Hat* getting the open door. On February 13, 1951, the cafeteria was resplendent in top hats and canes. Almost as soon as this event was locked up, the junior play pushed itself through the keyhole—"Best Foot Forward."

As Commencement, 1951 drew near, we decorated for both Baccalaureate and Graduation services. On Class Night, the 1951-ers challenged us in what they thought strong and unanswerable

Six 1952 girls as they looked in 1948. Can you recognize Marilyn Hatfield, Mary Kerr, Betty Baldwin, June Cook, and Betty Mancour?

terms. Politely, oh, yes, we have our key of COURTESY—we refuted every argument.

At long last, the keys to Room 302 were turned over to our class sponsors, Mr. Koski and Mr. Summerer. Each day, with our heads in the sky and our chests out we greeted each other with "Hi Senior!" A couple days of this and the teachers brought us back out of the clouds with assignments, themes, and what have you. Determined to start the year right, we elected officers to handle our affairs. The boys say the class meeting was held while they were at football practice; hence, Thespena Trouvos, Margaret McGrath, Gretta Portz, and Doreen Pillow became the key wielders for our senior year. We who write this history ask if the boys could have done a better job.

Before too long the ECHO list was tacked up, and we found Shirley Roberts, Beverly Dungey, and George Johnson as our co-editors, and the duties allotted to many others. Since then, the Staff Tops have worked long and hard to get the materials together and off to the lithographer.

October and November were busy months with play practice, property accumulations and stage construction for our second dramatic venture, "What A Life," the story of Henry Aldrich and his knack for getting into trouble, (Not so different from the situation in which we find some of our own students.)

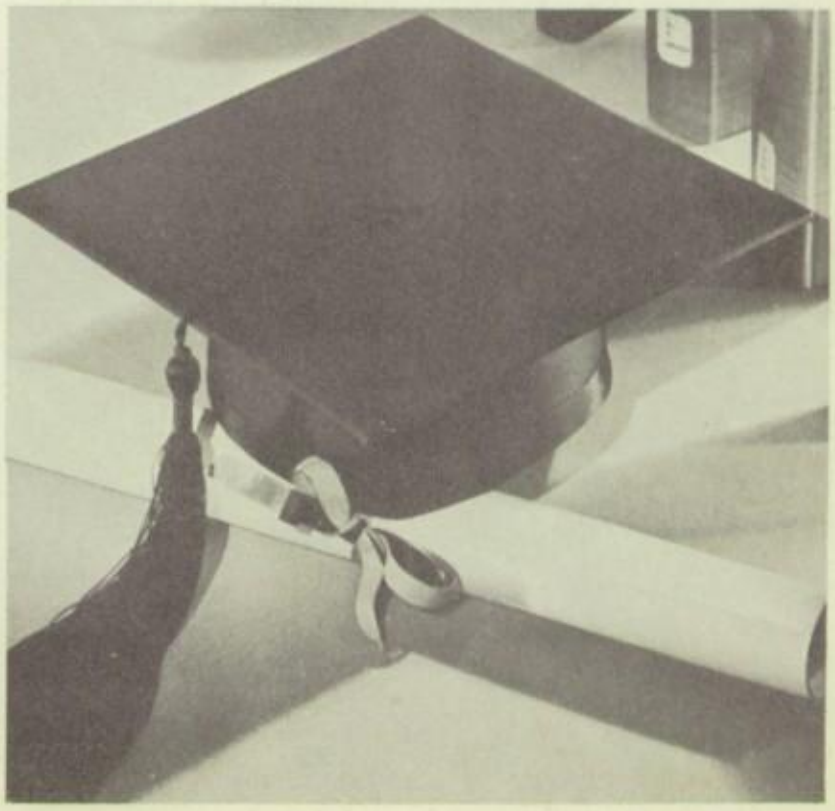
Money-making occupied our time and energies during the football season at the "stand" and at basketball games with the popcorn machine. Profits from these and other sales are added to the ECHO income that we can sell the book to more students for less money than it actually costs.

As the various problems of announcements, cards, caps and gowns, color, flower, motto, etc., arose, each was handled in our business-like manner. Early in the year we voted to take the same trip the Class of 1951 had taken—to Detroit by school bus, to Mackinac Island and Chicago on the S.S. North American, and back by boat to Holland, Michigan. This trip, paid for from our own pockets and the magazine money we earned (if we sold any the last two years), took place May 25-28, a never-to-be forgotten four days: plenty of food, dancing, new friends, and new experiences. Mackinac Island's "Surrey with the fringe on top" doesn't look much like our motor cities. Some of us saw the scenery via bicycles—snow in sheltered corners, the natural bridge, forts and Grand Hotel, to mention only a few spots. Some of us were too tired to get to school on May 29 and all were happy to have May 30 off.

The Baccalaureate service on Sunday, June 1, was the first meeting held in the new gymnasium. Were we the proud seniors to have this KEY turned for us! On June 3, we enjoyed our Class Night dinner prepared by our mothers and served by the junior girls. At 8:30 that same evening we gave the Class Night Program when we challenged the Juniors to do even half as well as we did in athletics, music and other fields. We poked fun at ourselves and, all in all, had a grand jollification.

The evening of June 5 was the most exciting time for the most of us and a proud evening for our parents. Near the end of the program Mr. Pepper presented each of us to Mr. Brendel, who gave us our diplomas, those KEYS for which we have worked so long, KEYS to open the doors to chosen careers, homemaker, job holder, college student.

For the reality of what this represents, we have worked and waited long years.



What! says our vice-president, Margaret.

The Bradford twins—Nelson and Nancy.

JUNIORS

JUNIORS

Treasurer Holleman, Mr. Packard, Vice-president Arch, Secretary Perry, Mr. Almquist discuss plans for the J-Hop. Absent: President Branda.

The Juniors, sponsored by Mr. Packard and Mr. Almquist, started the year off just right by electing a very efficient group of officers. The members of the junior class have made some fine contributions in the fields of athletics, music, cheerleading, dramatics, and in the clubs. The all-important J-Hop featured William George and his orchestra. The theme "April In Paris" was magnificently expressed with murals of Paris covering two walls and a sidewalk cafe along another wall. An artist painting in one corner helped to create a real French atmosphere. The dramatic production put on in April, "January Thaw" was directed by Mr. Packard.

Loralee Peterman proposes to Eugene Spencer while gloating Sophomores, Douglas Neighborn and Darlene Mancour, watch.

The Frosh—glad to get out of Junior Hi—cave around and wear themselves out trying to show everyone else, including the still unconvinced faculty, that they have now achieved their place in the sun. Of course they look ahead to 1955 when they will really be on top of the world—or so they think. They dreaded the initiation party provided for their final acceptance into high school by the Class of 1954, but lived to tell the tale another day. The first report cards convinced many that they did not have the easy spot they had at first kidded themselves into thinking.

The fact that they have three homerooms has not mattered as they take over each other's homerooms and the connecting halls before nine o'clock. With this idea of unity they will be able to do things together, to make their presence felt in our school, to make a worthwhile contrimution during the next three years in athletics, the band, the glee clubs, the Student Council, and in their academic classes.

BASEBALL

Seven returning lettermen formed the nucleus arond which Coach Jack Carey built the 1951 baseball team. The season ended with eight games won, five lost. Because of an injury suffered in an accident, Tom Suci was lost to the team for the first half of the season and Dick Churches for a shorter time. The leading hitters were Larry Kirby with a teriffic .442 and Romaine DeFrain, Bill Dodge, and Dick Churches with over .300. The three pitchers turned in games as follows: Churches won 4, lost 4, Kirby won 3, lost 1; Mancour won 1, lost 0, and also did some excellent relief pitching.

Letter winners were Churches, L. Kirby, L. Mancour, Suci, Cooper, Garriott, Bradley, Dodge, R. DeFrain, DeLisle, Walton, R. King, J. DeFrain, J. Matthews, Bill Benson, G. Kirby, Johnson. In the Genesee County Free Press poll, Churches was placed on the first team; Suci and Kirby received Honorable Mention.

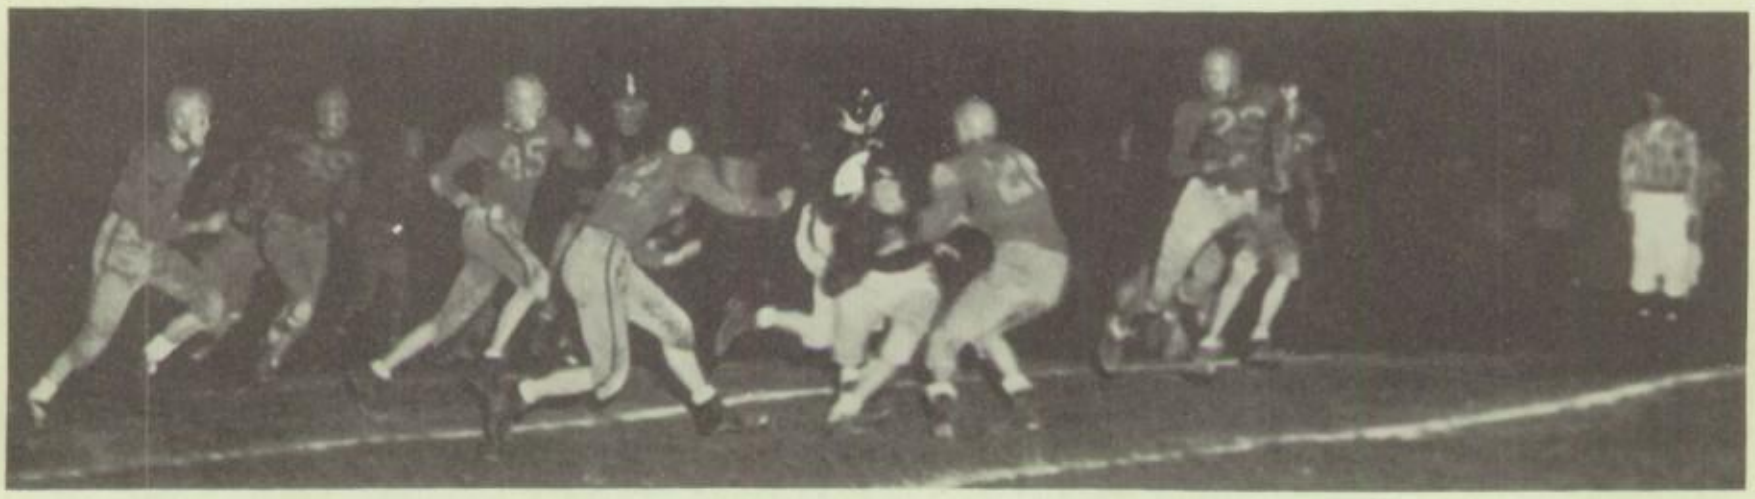
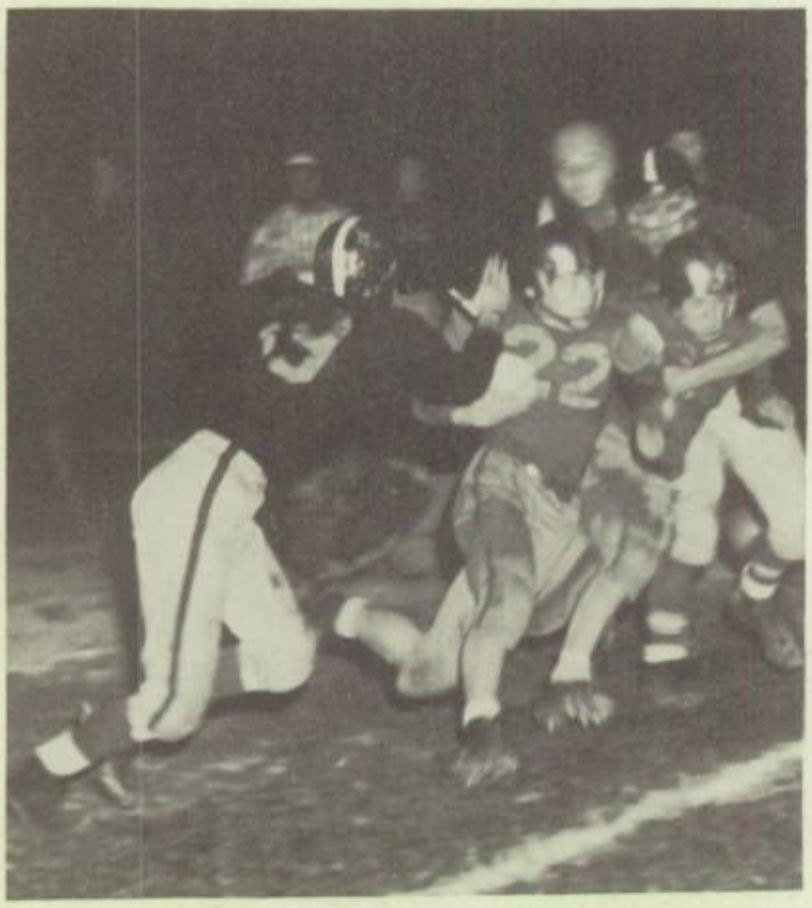
VARSITY FOOTBALL

In terms of victories the football season was not the greatest in the school's history. In fact, we had to be satisfied with two wins and a tie, but it was our team out there in every game fighting hard and trying to win. The team was light and inexperienced, and although it possessed a true fighting spirit and the characteristic *will-to-win,* it couldn't quite make up for the lack of weight and experience.

Despite the unimpressive record in the "win" column the team produced its share of thrilling and hard fought ball games.





Letter-winners were the senior co-captains Eick and King, Denorish, Foster, N. Hardenburg, D. Hart, and Walton; Juniors Angell, Bissonette, DeFrain, Dunkel, M. Hardenburg, Jeffers, Jones, Kilgore, Leavy, Mancour, Matznick, McWain, Nagel, Pearson, Richardson, and Schabel; Sophomores Carey, Gillespie, Johnson, Kirby, Miller, Stilwell, and Williams; Managers L. Hart and M. Hart.

With top-scorer Stan DeLisle out because of illness, 1951 letter-winners, Stone, Poirier, and L. Wright were back. The boys won one meet, got second place in two and third in another; they also took third place in the County track meet held at Flint Central. Letters were awarded to Don Bingley, Don Harrison, Ron Poirier, Dick Stiff, Clayton Stone, Lester Wright and Norbert Wuest.

Varsity Basketball

1952 Basketball Tournament Haul, District, State Runner-up and Regional Trophies.

With George Johnson, Dick Frye, Dick Churches, and Bill Benson back from last year's team and Jim Denorish, Coach Bussard and the "Bobcats" had high hopes for the 1951-52 season.

The Bobcats tuned up for the County League with six straight victories, two being impressive games over Owosso and St. Johns.

The Owosso game was a hard fought game all the way as G.B. found their foes tall and good shots. In the fourth quarter the team was leading by five points when Mr. Bussard put Don Bingley in. Don came through with two quick baskets that were really needed and G.B. went on to win 49 to 40. Johnson led the attack with 19 points.

Against St. John's excellent defense, our boys just couldn't get started. The Clinton County boys were hot on their shots and G.B. was behind at halftime. Then Coach Bussard changed the style of play for the second half and Denorish, Benson, Johnson, and Frye each hit a quick basket to take the lead they never relinquished as they went on to win 48-38. Denorish set the pace with 14 points.

Johnson shoots while Denorish looks hopeful.

On January 11 league play began with a victory over Clio. Johnson had a hot night, making 23 points. Bendle was their next victim, 55-33, and then came the team's first loss, a 47-45 set-back by the Davison team. For the next game the "Bobcats" were out to show that they were not a team to be forgotten as they walked all over Beecher, Frye leading the way with 24 points and Mancour sparkling on both defense and offense. The team kept rolling as they downed Kears-

ley, 58-29, by playing a little reverse ball and stalling the first quarter. Flint Tech was really fast and gave G. B. some trouble. Long shots by Mancour and Frye kept G.B. in the game the first quarter. It was 29-29 at the third quarter when Johnson hit three long ones and ahook to pull the team away to victory. Mt. Morris and Fenton games came in the same week to make the Bobcats realize they had to play ball. They took Mt. Morris 94-45 as Johnson and Benson hit for 25 and 23 points respectively. Then, after showing offensive strength, they proved they could also play

defense as the boys set a record by holding Fenton to 16 points while scoring 53 themselves. Tom Leavy showed what he was capable of by making four out of four shots and Darrell Ham also scored his first basket of the year to help the cause. The team ended the season with Flushing. Our boys were 10 points behind at the last quarter; Benson hit left and right hand shots and Johnson, Denorish, and Frye hit to pull it out, 32-35.

STATE TOURNAMENT GAMES

On March 7 the Bobcats traveled to Mandeville to take on Fenton in the first game of the District Tournament. Our boys beat Fenton but only after quite a scare as Fenton led at halftime, 21-19. Their second District game was with Bendle who had knocked off Flint Tech in their first game. G.B. jumped off to a

26-15 halftime lead. Then in the third quarter Bendle couldn't miss and pulled within two points of us. But two quick baskets by Denorish and two by Frye put the boys back in a more comfortable lead. Led by Frye with 26 points, Grand Blanc won their second District title in a row.

Then it was off to the I.M.A. for the Regionals. G.B. drew Vassar and, playing just enough to win, the boys beat Vassar, 49-41.

Davison had won their District games so it was Grand Blanc vs. Davison again, in the game of the year for our boys. Davison had height and lots of it and excellent shooting ability. Davison took a 14-12 lead; then in the second quarter the Cats came to life. They scored 14 points while holding Davison to 5. G.B. never was behind from that time on. Playing flawless ball the Bobcats copped the Regional title as Larry Mancour played his best game of the year. Larry was shooting very well, intercepting passes, and, all in all, playing a wonderful game with Bill Benson who also had a good night. Johnson and Denorish were the point getters with 15 and 14, respectively

G.B. entered the State Quarterfinals a slight favorite over Grand Rapids Godwin Heights who had a fast break, rough bunch of boys with a platoon system. The Bobcats jumped to an early lead of 11-3 but were behind with two minutes left in the game 43-45. Then Frye was fouled and awarded two free throws. Dick stepped up and made both to tie the game. Then Godwin made a free throw to put them back in the lead. With 45 seconds left Jim Denorish hit a side bank shot to cop the victory, 47-46. Led by Denorish and Frye the Bobcats were in the Semifinals at East Lansing against Niles.

Niles had been a strong tournament team as they had knocked off two of the leading teams in the State—

St. Joseph and Holland Christian. G.B. took a commanding lead at the whistle that they never relinquished. Led by Johnson, Benson, and Frye with 17, 15, and 15 points, respectively, the Cats were in the finals as Benson played good offensive ball and Dick Churches played a good floor game.

It was a crowded road leading to M.S.C. Saturday, March 22, as our boys were in the Class B finals against a good St. Andrew team from Detroit. They not only had walked over 47 consecutive teams but also boasted an All-State center. The game was on even terms with Benson and Johnson playing inspired ball. In the third quarter St. Andrew hit four quick baskets and led as the fourth quarter came up, 38-31. Our boys

started whittling down the margin and were within five points when St. Andrew started a stall. Benson then stole the ball and drove in for a layup to narrow the gap to three points. With 10 seconds to play G.B. got the ball again but failed to score. Led by Johnson and Benson the Bobcats gave St. Andrew the scare of their lives as the lead changed hands twenty times and was tied seven, before they bowed out 41-38 to take the State Class B Runners-up trophy.

Grand Blanc finished the season with 20 victories and two defeats to complete a very successful season. The Bobcat point-getters were Frye 290, Johnson 288, Denorish 222, and Benson 198. Johnson and Frye were awarded places on the All-County First team, Denorish made the second team, and Benson rated a spot on the All-Tourney second team.

With Benson and Mancour, two regulars from this year's team, and Leavy, Angell, DeFrain, Bingley, and Clark back next year, Grand Blanc is hoping for and looking forward to another championship team.

The strength of any varsity squad lies in the reserve group of underclassmen who get less credit than they deserve for their efforts until they, too, become a part of the first squad. The boys who show the proper attitude and progress in playing have a chance to show their ability in team competition and advance to the varsity squad whenever openings appear. This year's reserve squad was composed of Harold Johnson, Jerome Gillespie, George Kirby, Bob Jensen, Jerry Peters, Bob Miller, Dick Sutliff, Dave Schoenfield, Gene Davidson, Louis Malik, Jim Mayo, Ron Brewer, Don Bergstrom, Brian Akers, and Don Day. Jerome Gillespie and Bob Jensen became part of the Varsity Tournament squad.

Girls out for interscholastic competition in basketball have been handicapped by the few hours per week available for practice and the large number who "came out." Perhaps, with the new gym ready for September 1952, and with increased locker and dressing room space, more practice time will be available for both those with experience and those without. With keener competition for positions, a better squad should develop. Girls are just as anxious for the new gym as the boys can be, maybe even more so.

Captain June Cook was high point man for the season with the unusual record of 100 points; Judy Burghardt racked up 75 points. Letter-winners for 1952 were June Cook, Joanne Carter, Judy Burghardt, Jo Anne Braden, Carol Barker, Marilyn Pasche, Charlene Pope, Peggy Day, Shirley Mooney, Leah Liddell, Lola Holleman, Alma Braden and Eleanor Morse.

Cheerleading tyros work out in the corridor.

To assure the participation of every member of the school body in the athletic program, the cheerleaders spent some time early in the school year nursing lame muscles. From the first football game to the last basketball game these pepsters yelled and screamed and jumped at every possible chance. New members selected from the tryouts held in May increased the group personnel to nine. Gretta Portz was elected head cheerleader and Betty Mancour Student Council representative. Mr. Packard sponsored the club.

October 20 the entire membership and their sponsor attended the University of Michigan Cheerleaders Conference at Ann Arbor. The morning program included demonstrations by the University cheerleaders and instruction and practice in preparation for the participation of the high school cheerleaders in the half-time program at the Michigan—Leland Stanford football game. Two money-making projects increased the financial resources being accumulated for new uniforms.

Letter-winning senior cheerleaders are Nelson Bradford, who served three years; Gretta Portz and Marilyn Hatfield, two years; and Betty Mancour, one year. Next year's squad will have Marilyn Portz and Marietta Oxford, juniors; Janice Kalbfleisch and Barbara Burek, sophomores; Darwin Allen, freshman; and some new recruits.

senior play

The Senior play this year was the fast-moving, three act comedy, *What A Life,* presented on November 30 under the direction of Mr. Stuart Packard. This was the original Henry Aldrich story from which the famous radio program and movie were taken.

Henry comes into the office on an errand and meets Barbara Pearson, whom he asks to a dance. His mother tells him that he must get the highest grade in his class on a history exam if he is to go. He is later suspected of cheating on the exam and of stealing the school's band instruments and is placed on probation. Like all Henry Aldrich stories, it has a happy ending.

"BEST FOOT FORWARD"

One of the major projects of our Junior year was our play, a three-act comedy "Best Foot Forward" directed by Mr. Stuart Packard. It is the story of the complications which arise when one of the boys from Winsocki Boys' School invites a movie star to their prom. Thinking this will be a good publicity stunt, she accepts. Then his girl from home shows up on the scene to further the confusion. All of the other girls resent Joy's presence because she monopolizes all the boys. Soon they begin scheming for ways of getting revenge. Of course, Dr. Reeber, the school principal, adds to the chaos when he walks in on the riotous situation but Gale Joy soon calms him down by showing him a romantic picture of themselves. In that way she gets back in good standing with the students and makes a happy departure.

As the story opens the sailors are preparing the ship for the arrival of Sir Joseph Porter. The happy atmosphere is darkened by Buttercup's hint of a secret. Sir Joseph appears and Josephine finds him insufferable. When Rafe proposes and threatens suicide Josephine agrees to elope. Dick Deadeye and Captain Corcoran halt the elopement, and when Sir Joseph hears of the attempted elopement, he has Rafe sent to the dungeon. Then Buttercup reveals her secret, that as babies, the Captain and Rafe were exchanged and that the Captain is Rafe and Rafe the Captain. After the news is revealed, Rafe is freed to marry his Beloved Josephine.

The instrumental section of the Music Department has kept up its usual continuance of activities. To insure a large enrollment, beginners and cadet band members are recruited, trained and advanced to the "Band" as soon as there are vacancies and they are ready. Instruments, music, and training are offered free of charge to any student interested in band work. A goodly number of students buy their own instruments later and continue in band work after graduation.

Participation in the State Fair program again secured for us a trophy. The major activity in the fall was the marching at football games, with special formations rehearsed and exhibited both at our own games and at the University of Michigan Stadium on October 13 and at Briggs Stadium for a Detroit Lions game on October 21. The band concluded this marching season with participation in the annual Flint Christmas Parade, November 30.

The concert band begins its activities, following the close of the football season each year, thus their programs both precede and follow the marching activities. Participation in the area music festivals and the state meeting bring highly prized evaluation and scores. At the Solo and Ensemble Festival March 1, the Clarinet

Quartette, Harold Jones on drums and Judith Akrigg on the violin received ratings of One; the Cornet Trio and Brass Sextette, ratings of Two. On March 22, 1951, the band played at the area Festival held in Flint Central and received a Two rating. Solos and ensembles winning Ones in the area went to the State meeting April 5.

The 1952 Concert Season really began with the Christmas Concert on December 19. As a special feature of the program the guest soloist was Dr. David F. Machtel, who is a teacher of voice and directs the Men's Glee Club at Michigan State College. The band also played at the Spring Festival on May 2 and gave a special concert on May 13.

The instrumental section of the Music Department has been very busy this school year. One of the first of many activities was the State Fair in Detroit. For this accomplishment our band brought back a trophy. The band has been active throughout the year in both Football and concert seasons. They had the pleasure of participating in the Band Day program at U. of M. with 95 other bands. Also they marched one Sunday for a Detroit Lions football game in Briggs Stadium. Soon afterwards the band marched in the annual Christmas Parade in Flint.

A lively meeting of the Student Council—they must have a real interest in this plan.

Student leaders elected to membership in the Student Council take their duties seriously, realizing that they are an intermediary group with responsibilities to both students and faculty. At biweekly meetings, held on a staggered program, projects of interest and importance are discussed, many taking definite form for the benefit of the whole school. Two of their achievements for this year were the purchase of a popcorn machine and a "Keep Our School Clean" campaign.

Varsity Club

Those students who, because of ability and achievement in sports or music, are eligible to wear the school emblem should feel a special responsibility for service to their fellow letter-winners and other members of the school. Letters are awarded to players in the major sports on both varsity and reserve teams, managers, cheerleaders, and for certain other accomplishments. This letter is highly prized and worn with justifiable pride by the winners because many hours of practice, training in self-control, and keeping eligibility rules have been involved in the earning.

During this school year meetings have been few.

future farmers of america

The Future Farmers have a very full calendar of events. First a trip to Detroit where they visited Greenfield Village and also saw the Detroit Tigers play the New York Yanks.

They had displays at both State and Saginaw Fairs where they took one first and three seconds in different fields and received about $100 in prizes. They attended the Lower Thumb District Crop Show at Armada where they took second in cash prizes and second in crop judging. This year the Officers attended the National Convention at Kansas City, Missouri. The F.F.A. also joins with the F.H.A. in a Bar-B-Q in the fall. In the spring the clubs join in a banquet at which the outstanding boys are awarded cups for scholarship and activity; also one member is awarded the DeKalb Award for best all-around accomplishments.

The boys have teams in both parliamentary law and demonstration and a speaker which they enter, in their respective contest.

The parliamentary team, composed of Ted Tomblinson, Bill Branda, Dave Schoenfield, Charles Myers, and Stanley McDaniel, and the speaker, Dick Stiff, received Second Place in the District Contest. The demonstration team, Leonard Forbush, Max Harrison, and Don Kinzie, won First Place in the District and a Second Place in the Regional Contest.

One boy is selected from the 9,856 F.F.A. members for the award of STATE STAR FARMER. The award this year was given to Burton C. Hodges for being the most outstanding in farming and in business ability, and for having the best prospects of becoming the most successful farmer. He received a certificate and $100.00 and appeared on three radio broadcasts.

y-teens

Y-Teens are girls in junior and senior high schools who are members of Y.W.C.A. groups. These groups represent a world-wide organization of women and girls of different ages, organizations, nationalities, races, and creeds.

Together, Y-Teens seek to enrich their own lives and to do their share in building a better community. They are members of a fellowship of women and girls in 696 Y.W.C.A.'s across the United States and in 64 countries of the world.

Their purpose is "To build a fellowship of women and girls devoted to a task of realizing in our common life those ideals of personal and social living to which we are committed by our faith as Christians." Goals are to grow as a person, to grow in friendship and in the love and knowledge of God.

We have many short meetings at school and one worship and social meeting a month. Membership is open to every school girl who believes in the purposes of improving her own life, making her group a friendly and active one, participating in its program, and taking part in the national and international projects of her association.

We are proud to say that we are part of the Young Women's Christian Association.

The Grand Blanc chapter, Troupe 967, of The National Thespian Society began its year's activities by electing officers from the previous year's membership. Since the group decided to hold its meetings in the homes of the various members, the Thespians enjoyed many instructive sessions in an informal and friendly atmosphere.

One of the first activities of the year was the induction of the new members in the formal initiation ceremony which is used by all Thespian Troupes over the entire nation. A second ceremony during the spring of the year welcomed new members who had earned the necessary membership points in the 1951-1952 dramatic activities.

The high point of the Thespians' year was the production of a one-act play at Bay City. The Grand Blanc actors were invited to participate in a one-act play festival held at Handy High School in Bay City where their play was presented and evaluated in conjunction with productions from other Michigan High Schools.

GIRL SCOUTS

In the fall, the Mariner Troop 14 found themselves with a new leader. Mrs. Donald Wenstrom. Under her irection, Genesee County's only International Troop participated in the Juliet Low program, helped at the International Institute, and decorated for the Leaders Club Banquet. Muriel Kline was an escort to Lady Baden-Powell when she was in Flint February 18, 1952.

All the girls have their Midshipman ranks and are working toward their Jack Tar ratings. They plan to finish the year with a camping trip to Camp of Fair Winds.

cafeteria

Cafeteria line is still going strong in the 6th hour.

Mrs. Page, Mrs. Convis, Mrs. Malley, Mrs. Kraemer, Mrs. Schuitema during the last minute rush before the cafeteria opens.

And here the line ends with Helen Murphy.

Lunch time and the line forms at the right.

When our famished appetites need replenishing after a morning of studying, the most popular place in school is the cafeteria. Never has it failed us in supplying appetizing food in generous quantities. Of course, the department and rooms have grown smaller because we, the student body, have increased in number until we are served in three periods, on a staggered schedule. Too often to please the sixth hour diners, some of the choice foods have been devoured and we get the less tempting foods.

Twelve thousand pounds of potatoes had to be peeled, 150,000 bottles of milk had to be handled, 50,000 sandwiches had to be made, mountains of dishes had to be washed. The cafeteria is a place to which we owe respect and appreciation for its share in helping us earn our diplomas.

Transportation

In a school as large as ours, the first consolidated school in Michigan, the responsibility of providing adequate and safe transportation for 1456 pupils is a heavy one. We take great pride in our fleet of 23 buses which Leslie Parker and George King, Jr., keep in excellent running order. Others who share in carrying this responsibility are the drivers who, in addition to their regulars runs, often take us on expeditions.

maintenance

Our maintenance staff is always ready and willing to give us a helping hand. They try to keep our school looking clean and orderly at all times, to maintain adequate and even temperatures for our comfort, to make adjustments and repairs, and to help in emergencies. Another very important duty is that of traffic direction on the Dixie Highway when the buses are arriving and leaving.

19 Played Godwin Heights and won 47-46. Incidentally, they were supposed to take us.

21 Semi-Finals. Niles had big write-ups but we got the big end of the score 58-37. Wonder how they felt! Much of Grand Blanc was at Jennison Fieldhouse to see the boys win.

22 We cried handfuls of tears when we lost 41-38 to St. Andrews, at Jennison. Again most of us saw the boys play and get the "Runner-up Trophy."

31 Assembly today. Mr. de Costa can play any band instrument.

APRIL

1 All fools will remember this day of all daze.

2 Civics and Econ classes attend State Legislature meetings.

5 The A Cappella went to the District Festival

8 We had a visit from the Curtis Magazine Company today. Get out and sell !

18 We saw the Junior Play today. Good job.

22 Senior Skip Day.

23 We got our cards today. Now we have to turn over another new leaf.

24 P.T.A. Junior High furnished entertainment. Our future choir is good.

29 Mr. Summerer looks very sleepy today. What's wrong—did Mike need a lot of burping last night? ? ?

MAY

1 Mr. Rule must not have gotten enough sleep last night, the way he's mixing up his words.

2 The choir gave a Musical Review today. Everyone really enjoyed it.

10 Our A Cappella went to the State Festival at Lansing. Nice job!

14 The band gave its Spring Concert today. Well done.

17 The Seniors gave the annual Senior Prom. Beautiful job that will be long remembered.

23 Seniors write their exams before the trip. (Probably they couldn't do as well after they get back.)

25 Isn't the school empty today? The Seniors left on their trip. Have a good time!

26 Seniors enjoyed four hours on Mackinac Island while the rest of the school studied (?)

27 Seniors in Chicago sight-seeing, shopping, and at a ball game.

28 The Seniors reached Holland by boat and came home by a schoolbus.

29 ECHO out today.

30 Hooray! no school.

JUNE

1 Baccalaureate—Golly—we graduate in four more days!

2 Semester exams—UGH! But not for Seniors!

3 More tests. I always liked this course anyway. Class night was tonight. Two more days, Seniors.

5 Commencement exercises. How will G.B. H.S. survive without us Seniors? Farewell, underclassmen!

6 Semester ended today. Now vacation. What a life!

Before school was out last year six people, Thespena Trouvos, Doreen Pillow, Shirley Roberts, Beverly Dungey, Norman Hardenburg, and Nelson Bradford were chosen to begin work on the ECHO. They held some meetings before summer vacation and a few meetings during the summer just to learn the fundamentals of planning a yearbook and to look over old yearbooks and new samples to get ideas for the cover and theme for the 1952 ECHO.

Soon after school started in September those six people and the class officers, with the aid of Mr. Pepper, Miss Berdan, and our class sponsors, selected the ECHO staff. Shirley Roberts, Beverly Dungey, and George Johnson were appointed Co-editors. Margaret McGrath, Marilyn Hatfield, Suzanne Kolbe, and Clayton Stone were assigned the duty of making up the Senior section. To handle the finances were Doreen Pillow as Business Manager and Norman Hardenburg and Bill Christman as Advertising Managers. Soon after, Joyce Henderson, Subscription Manager, and her committee began canvassing the various rooms for subscribers.

After some discussion the Co-editors decided to build the book around the KEY as their theme. The next decision made was on the cover for which they had a special die made.

In December pictures were taken and before these came back many an old yearbook was thoroughly studied and discussed in the search for new ideas. Eventually write-ups started coming in for checking and continued coming in until the dead-line, March 17. After that there was a lot of pasting to do. Our activities included a trip to the Edwards factory in Ann Arbor on March 29 to take a large package of material.

Through the year we spent many hours in the press-room. Some were worried, some were hurried, some flurried, but all were happy.
